Contractors and Vendors:

The government shutdown has affected the Department of Housing and Urban Development (HUD), which allocates funding for Public Housing Authorities, including LMHA.

LMHA is developing contingency plans in the event the government shutdown extends beyond February 2019.

LMHA will communicate with the appropriate contractor or vendor regarding work that has already been scheduled. Some work may be delayed although no final decisions have been made.

For work that has been properly performed, please continue to comply with the existing procedures for submitting an invoice for payment. LMHA will continue to pay on obligations as funds permit.

If the shutdown continues through February, LMHA will do its best to keep you informed as additional information is obtained and plans are developed to address the issues related to payment for services. If you have any questions, please contact us by email at jcintronvega@lucasmha.org.

You are welcome to contact your Senator and local representative in Congress:

- Senator Sherrod Brown (614)469-2083; (202)224-2315
- Senator Rob Portman (216)522-7095; (202)224-3353
- Robert Latta (419)354-8700; (202)225-6405
